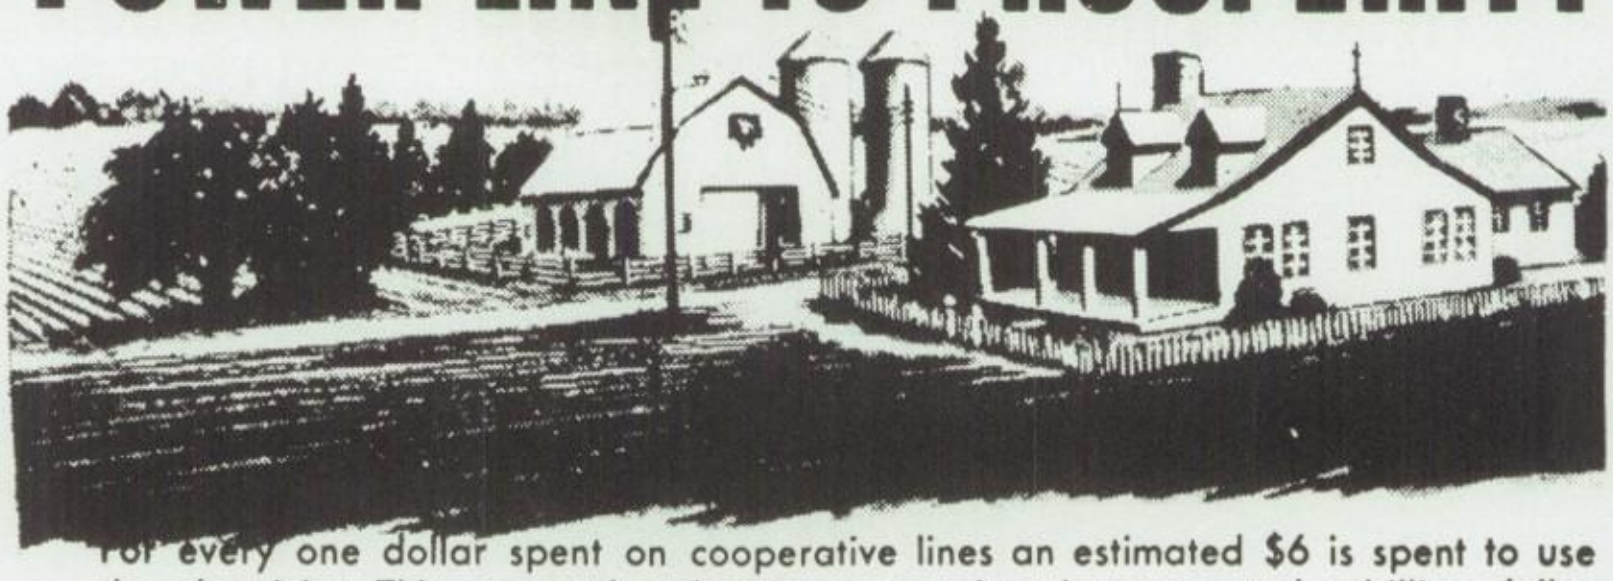
POWER LINE TO PROSPERITY



For every one dollar spent on cooperative lines an estimated $6 is spent to use the electricity. This means the electric cooperatives have *created* a billion dollar market for local businessmen.

The cooperative is locally owned — business managed — tax paying . . . owned and operated by the people it serves.

IF

RUDYARD KIPLING

If you can keep your head when all about you
  Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
  And make allowance for their doubting too;
If you can wait and not be tired by waiting,
  Or being lied about don't deal in lies,
Or being hated don't give way to hating,
  And yet don't look too good nor talk too wise,

If you can dream - and not make dreams your master;
  If you can think - and not make thoughts your aim;
If you can meet with Triumph and Disaster
  And treat these two impostors just the same;
If you can bear to hear the truth you've spoken
  Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
  And stoop and build them up with worn-out tools;

If you can make one heap of all your winnings,
  And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
  And never breathe a word about your loss;
If you can force your heart and nerve and sinew
  To serve your turn long after they are gone,
And so hold on when there is nothing in you
  Except the Will which says to them: ''Hold on!''

If you can talk with crowds and keep your virtue,
  Or walk with kings - nor lose the common touch,
If neither foes nor loving friends can hurt you,
  If all men count with you, but none too much;
If you can fill the unforgiving minute
  With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
  And - what is more - you'll be a Man, my son!
